PERSONAL STATEMENT

I am highly creative and self-motivated individual. Many of the skills I have developed were thanks to self-initiated projects and client work.

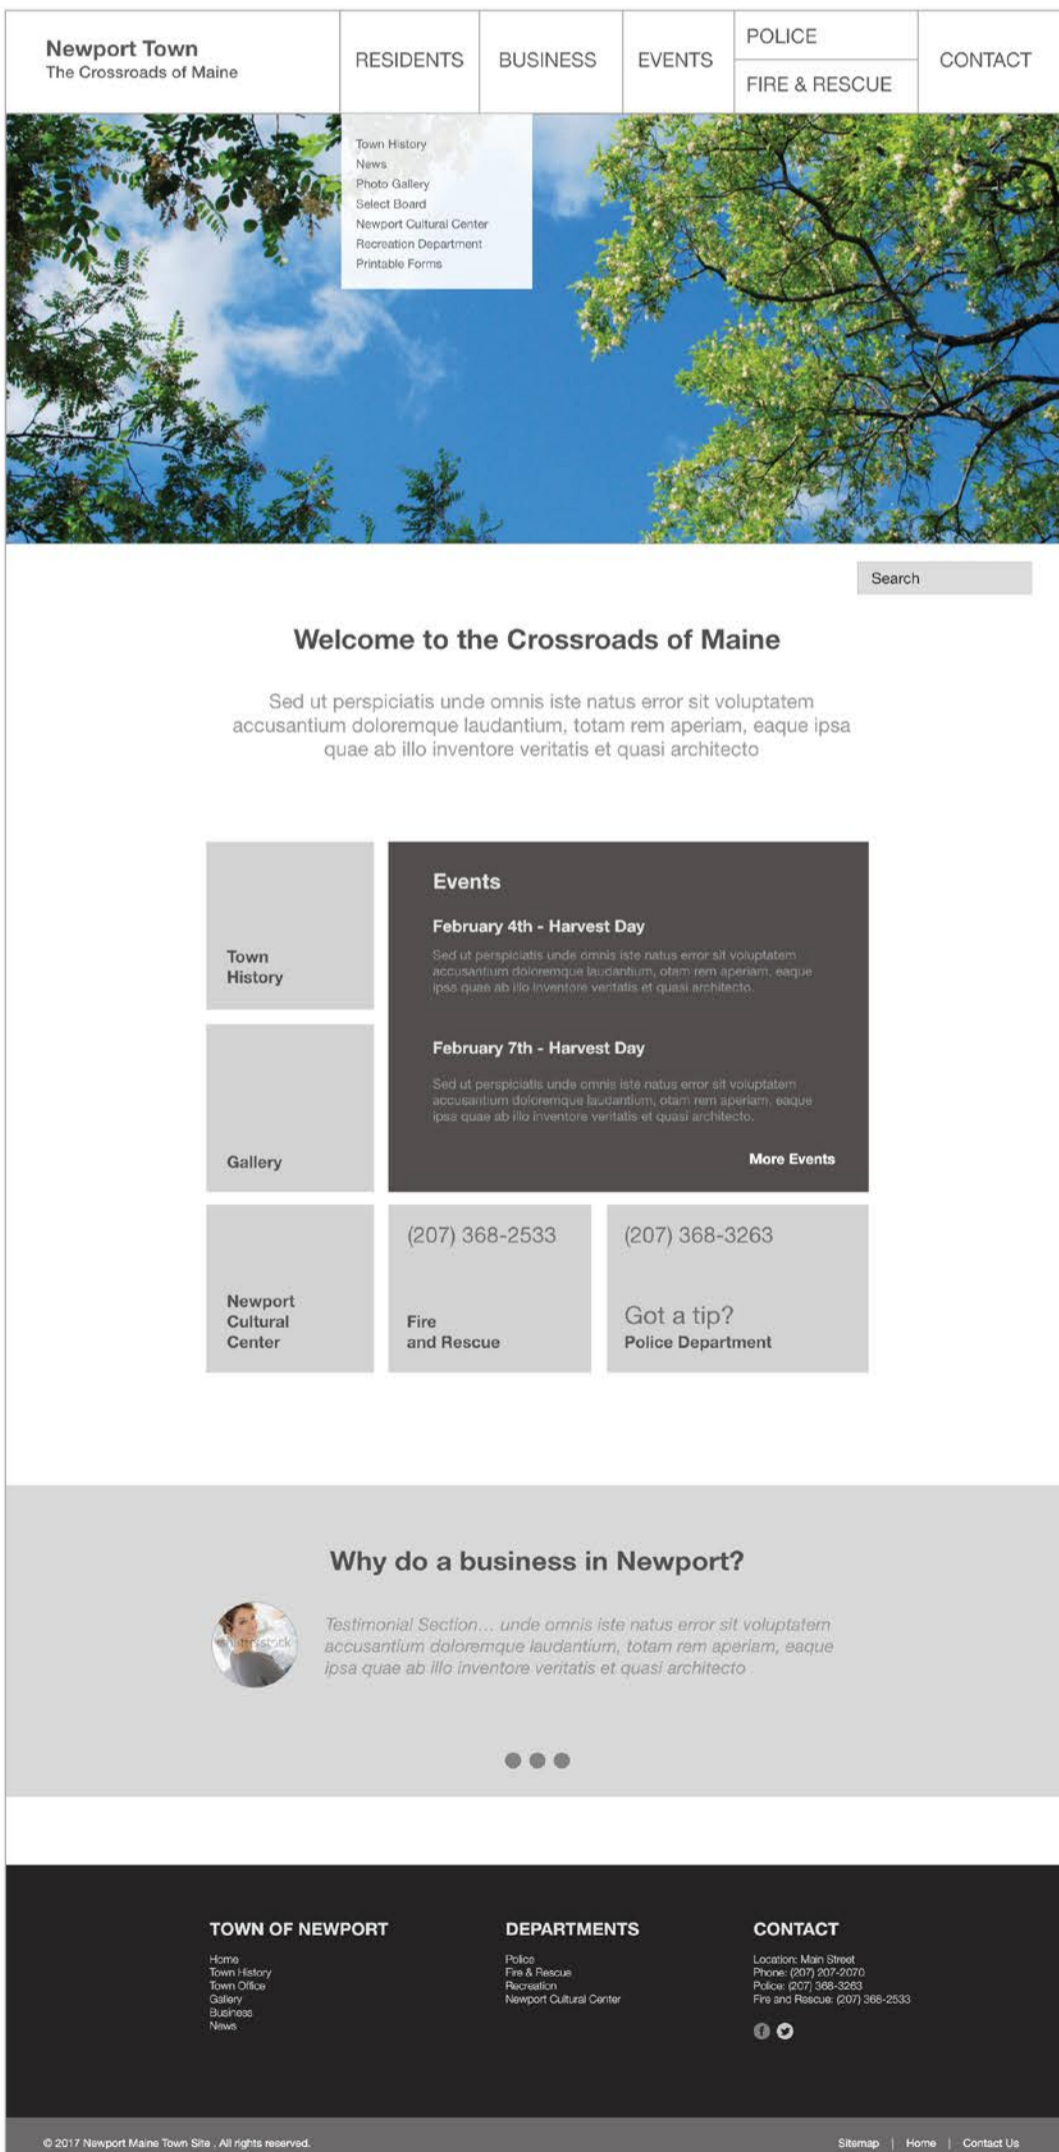

Currently, I am pursuing a Bachelor's Degree in Graphic Web Design at Southern New Hampshire University.

And I am open to RELOCATE

From the Pine Tree State of

MAINE

UX/UI PROJECT

This is a school project where we were tasked to evaluate a website using the 10 Heuristics for User Interface Design principles and then come up with a better design that solves all the problems the old design have.

My modern approach drastically improved how users interact with the product. I have several people test the prototypes and all of them gave positive feedbacks.

See the prototype live online.

PROFESSIONAL SKILLS

PHOTOSHOP

ILLUSTRATOR

INDESIGN

ADOBE xD PROTOTYPING

My design strength lies in creating layouts and web/mobile prototypes, but I have experiences in print design like brochures, newsletters, and magazines.

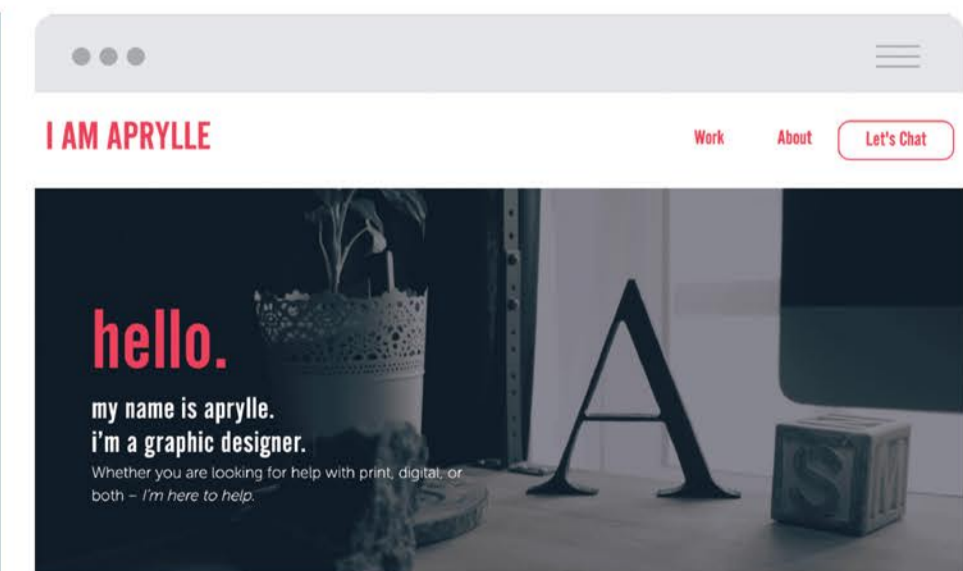

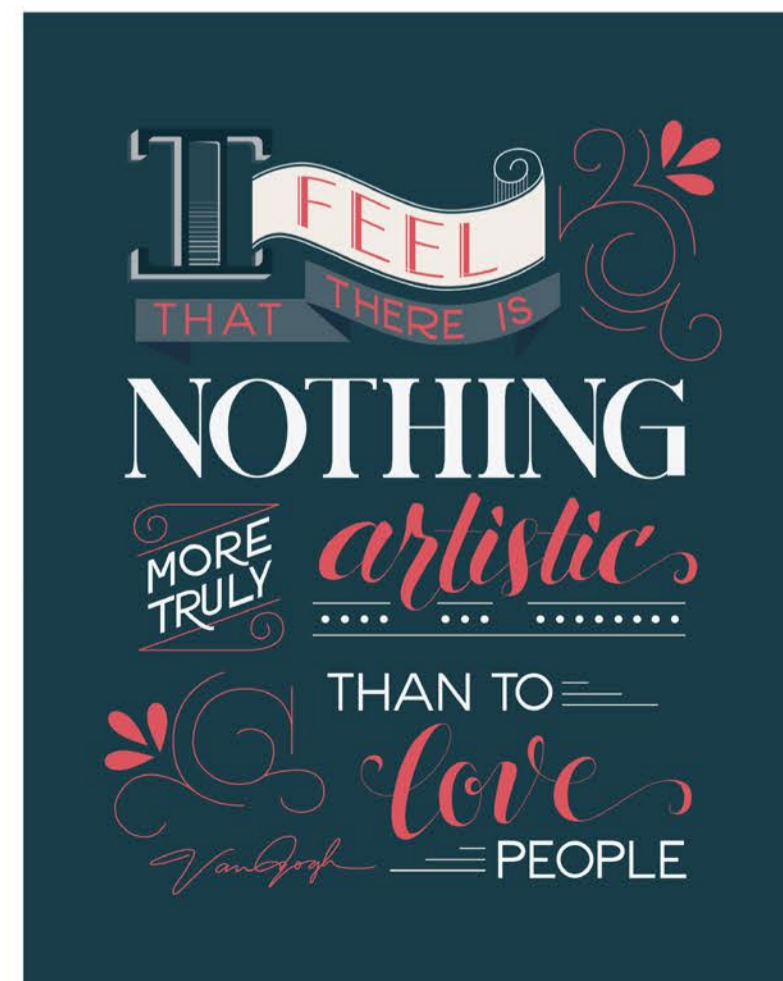

WEB RELATED SKILLS

- HTML5 and CSS3, Bootstrap, UX/UI

OTHER SKILLS

Lettering, Photography

The top 3 were personal side projects, while the logo was for a photographer client who needed to rebrand.
